

ATEESH MAHESHWARY

WORDPRESS & PHP DEVELOPER

Karachi, Pakistan • 03152977045 • ateeshmaheshwary@gmail.com

PROFESSIONAL SUMMARY

WordPress and PHP Developer with 3+ years of hands-on experience developing and delivering client website projects. Skilled in WordPress website development, custom theme and plugin development, PHP, front-end technologies, database-driven development, WooCommerce, Elementor, REST APIs, Git/GitHub, WordPress hooks, and AI chatbot/API integrations. Experienced in taking client requirements through development, customization, testing, and final project delivery.

CORE TECHNICAL EXPERTISE

WordPress	Website Development • Custom Themes • Custom Plugins • Hooks
PHP	PHP Development • WordPress Backend • Custom Functionality
Frontend	HTML • CSS • JavaScript • Elementor • Responsive Websites
Database	MySQL • WordPress Database / Data-Driven Features
E-Commerce	WooCommerce • Store Website Development
Integration	REST APIs • AI Chatbot / API Integration
Tools	Git • GitHub • WordPress Development Workflow

PROFESSIONAL EXPERIENCE

WordPress & PHP Developer — Contract / Client Projects

3+ Years Experience

- Receive project requirements from clients and convert requirements into working WordPress solutions.
- Develop and customize WordPress websites using PHP, HTML, CSS, JavaScript, MySQL, and WordPress.
- Build custom WordPress themes and plugins for project-specific functionality.
- Extend WordPress functionality using hooks, custom PHP logic, and REST API integrations.
- Develop and customize WooCommerce websites and Elementor-based interfaces.
- Work with Git/GitHub as part of the development workflow.
- Integrate AI chatbot/API functionality into WordPress projects when required.
- Complete, test, improve, and submit finished projects to clients according to project requirements.
